

# A Call For Nominations for the 2006 Winnipeg Accessibility Award

The Winnipeg Accessibility Award is intended to raise awareness about the importance of accessibility in the City of Winnipeg and its role in making life more equitable, safe, comfortable and affordable for everyone including people with disabilities. Everybody, regardless of diverse sizes, ages, abilities and cultural backgrounds, must be afforded the opportunity to participate on an equal level. The Winnipeg Accessibility Award highlights some of the positive examples that exemplify this goal.

The awards are given in recognition of private or public facilities or environments that are outstanding examples of accessibility. Projects may include private homes, architectural designs, interior designs, landscapes, urban designs or any other built environment. Projects may be nominated by any individual or group that is interested in accessibility and design. There is no limit to the number of entries which may be submitted.

For further information about the award and how to receive nomination forms please contact:

**The City of Winnipeg, Access Advisory Committee**  
Council Building • Lower Level • 510 Main Street
